RAID REMIERO GENOVA-ROMA: HISTORIC ROW By Elizabeth Newton-Moss in English

Partager Tags

A marathon coastal rowing event from Genoa to Rome is planned to celebrate one of Italy's oldest sports federations and to promote the history of this popular activity. The *Federazione Italiana Canottaggio* (rowing) was founded in 1888 and the eight-stage *Raid Remiero Genova-Roma* is being organised as a tribute by the *Gruppo Sportivo Speranza*, led by Claudio Loreto (pictured).

Ten teams of four rowers, each with cox, are expected to take part. The coastal route adopted follows more or less in the wake of a trip undertaken by a group of rowers from the *Società Ginnastica Ligure "Cristoforo Colombo"* who in 1880 completed the same distance in ten days. They were on their way to take part in a charity regatta.

Symbolically the 2008 group will leave the Ligurian capital on June 19 from the beach in Quarto where Giuseppe Garibaldi and his thousand men set sail for Sicily on 5 May 1860 to quell rebellions on the island as part of the reunification of Italy. Weather permitting the rowers should arrive in Rome on 26 June via Sestri Levante, La Spezia, Viareggio, Marina di Cecina, Piombino, Castiglione della Pescaia, Orbetello, Civitavecchia and finally Ostia.
